for 40 rows. Change to MC. Work straight in Stst
for 40 rows. Cast off. Strap should measure ap-
prox. 27"/69cm.

Attach ends of strap firmly to top of bag equal distance
apart.

felting

Turn bag inside out.

Toss into washer (hot wash and cold rinse).

Set washer to small load and regular cycle.

Throw in an old towel or a pair of jeans for increased
agitation.

Add a small amount (1/4 cup or so) of laundry deter-
gent. Check after 5 minutes or so. Keep checking until
the Bag is nice and thick and the knit stitches are no
longer visible.

You may need to run them through more than cycle.

Once the bag is nice and thick remove from washer
and pull into shape. Don't be afraid of being rough. Tug,
tug, tug until the bag is just the shape you want and the
strap is at a correct length.

For added shaping it is suggested that you place a
small saucer or bowl (or anything that is round and the
appropriate size) into the bottom of the bag to help
flatten it.

Let completely dry.... this could take days!

stitching

Personalize your bag anyway you like or, using the
photos as a guide and with CC2 threaded onto
embroidery needle, work Running Stitch in pattern as
shown.

* the yarns used in the sample have been long since
discontinued. 100 grams consisted of 100m/ 110 yds
and the gauge in Stst was 15 sts and 20 rows. 2 balls of
MC and 1 ball of CC1 were used..

Good substitutes would be Patons Classic Wool, Brown
Sheep Nature Spun Worsted or Cascade 220— all of
which need to be **used double**.
